

CLOVELLY SLSC

SEPTEMBER 2018 NEWSLETTER

With our season kicking off on the 29th September it's also time to ensure you complete your relevant skills maintenance requirements as quickly as possible. This is a great chance to brush up your skills and get in touch with other Members in the club.

NEW THIS SEASON: Clovelly SLSC is using a new format for Skills Maintenance with a combination of Online Theory and practical skills sessions at Clovelly. This will help:

- * Reduce the amount of face-to-face time required at the club doing skills maintenance.
- * Free up trainers involved in training BM, SRC & IRB Driver squads and conducting Nipper education sessions.
- * Ensure all members are maintaining the standard of knowledge and expertise required of Surf Lifesavers

You must complete online theory components **prior** to attending a practical assessment, accessible via your [Members Area account](#) under the 'courses' tab. The eLearning is required for the following three areas: Resuscitation, Radio Operations and Powercraft (IRB).

For information on the requirements and dates of practical assessments please visit the [Skills Maintenance / Proficiencies](#) part of the website. Note the first date you can attend is **Saturday October 6, 2018**.

For information on Nippers proficiencies requirements and dates visit the [Nippers proficiencies / skills evaluation](#) part of the website.

For any questions please contact Molly, Director of Education here clovellytraining@gmail.com or get in touch with your Patrol Captain.

We want to hear from you! This season we'd love to see and hear what you're up to around the club! If you have any great photos, exciting news or want to nominate someone for doing a great job on the beach please shout out to your communications team Erin (erin.leigh.jeffries@gmail.com) and Jaimi (jaimiwalker@gmail.com).
